

## Volunteers on behalf of Mothers' Union

As you know many members volunteer on behalf of Mothers Union either in their church or in the wider community. In December Valerie Edmonds attended a celebration at The Roberts Centre for their 30-year celebration and for the Child Contact Centre. She was given a certificate in grateful thanks for her work as a volunteer on a Saturday enabling estranged parents meet their children. Valerie, of course, is not the only member who helps at the Child Contact Centre and they could always do with more volunteers. Also in December the Queen Alexandra Hospital recognised the voluntary work Pauline Wale has done over many, many years for the Chaplaincy Team in helping patients attend the service in Chapel. She was awarded a Long Service Award
